CLASS OF 2024

# LETTER FROM THE PRESIDENT

*Congratulations graduates!*  
**YOU DID IT.**

---

You navigated late nights that turned into early mornings. You persisted through challenging assignments and piles of homework. But, most importantly, you never lost hope, even when graduation felt too far away.

By digging deep, believing in yourself, and fighting for your future, you are now a Pikes Peak State College graduate.

Today, as you walk across the stage and receive your diploma, soak in every moment. Let it wash over you, and then, let the celebration begin!

As you do, I have one request. Please don't forget to thank all those who supported you on this journey. Remember your family, friends, classmates, faculty, and colleagues who encouraged you, lifted you up, and never stopped believing in you.

Upon starting your next chapter, also remember the faculty and staff at PPSC continues cheering for you. You will always be a member of the PPSC family, and we are excited for all that comes next.

Thank you for trusting us to be a part of your journey. It has been an honor to serve you and celebrate your accomplishments.

**Lance F. Bolton Ph.D.**

*President | Pikes Peak State College*

### 2024 Commencement Speaker

#### Wesley Montgomery

*President, Student Government Association*

Wesley Montgomery was born and raised in Colorado. From a young age, Wesley has sought to help others, working toward a brighter future for us all. This drive led Wesley to join Student Government at PPSC, where he has served the student body tirelessly for the last three years. Notably, Wesley is one of the few SGA Presidents to serve for more than one term.

Wesley’s family owns a construction business, which instilled in him the ethic of hard work and the importance of pursuing higher education with vigor. This year, Wesley will graduate with an Associates of Science in Computer Science and will pursue a Bachelor’s degree at Colorado School of Mines. In this new venture, Wesley plans to continue to find ways to make life just a little brighter for everyone he meets.

## HISTORY

### Pikes Peak State College's Rich History

Pikes Peak State College was established in 1968 as El Paso Community College, a two-year college offering three associate degrees. The first graduation was held in April 1970 at Bancroft Park, yielding 17 associate degrees and 70 certificates. Enrollment rapidly grew, in part because of an emphasis placed on military programs, which have become a significant aspect of the college. In 1978, the Centennial Campus was built, and the College Council approved a new name, Pikes Peak Community College.

Significant population growth during the last several decades in the Pikes Peak region drove the need for expanded educational services. As a result, the PPSC Downtown Studio Campus opened in 1986. The Rampart Range Campus was built in the north end of the city in 1998, and the Falcon Campus in 2008. In 2022, the Simulation Center reopened after being remodeled with state-of-the-art labs, allowing students to build real-world skills in a variety of health science fields.

On April 22, 2022, Governor Polis signed legislation authorizing changing the name from “Pikes Peak Community College” to “Pikes Peak State College.” Pikes Peak State College better describes the college’s trajectory, particularly as it pertains to the expansion of four-year degrees. Throughout all these changes, PPSC has stayed true to its historical roots by adapting to serve community needs first and foremost.

PPSC has become the largest post-secondary educational institution in Southern Colorado and offers the most widely accessible and affordable education in the region. We stand tall on this rich history and the legacy of continuing to see students thrive at Pikes Peak State College.
